

## **Jorja Simmonds**

“I have a great passion for social issues within Aotearoa New Zealand. A problem I see is the homeless percentages and the way that the LGBTQ+ community is being treated. I feel that there are laws being implemented within the House of Parliament that will have an impact on our future, I will be a voice that speaks from a youth perspective. I have a strong sense of justice and know when it is appropriate to speak up when I see something unfair or wrong. This opportunity will be an amazing experience and an insight into parliament, especially social justice.”
