

Adi Shirlal

“I applied to be a Youth MP in order to be able to represent my community at a national level. I have a passion for service, and having the chance to stand for my electorate in Parliament is incredible. This opportunity allows me to develop my skills in leadership, communication, and gives me an in-depth understanding of parliamentary proceedings. Above all, I'm extremely keen to take my efforts in volunteering and advocacy to the next level and do the best for my local community.”
