

Ankita Pilo

“I want to be a Youth MP because I’m passionate about politics, leadership, and advocating for meaningful change in my community. On top of all of this I have personal aspirations to pursue criminal law and eventually enter politics, so this opportunity aligns perfectly with my future goals. I’m confident in public speaking, actively involved in student leadership, and deeply engaged with local and global issues such as justice, equity, and human rights. I’m excited for this opportunity to step outside my comfort zone, connect with other youth, and bring our voices to the forefront of political discussion!”
