

Daman Kumar

“I applied to be a Youth MP because I see it as a valuable opportunity to contribute to my community and to be a voice for those who often go unheard. Coming from a background where opportunities to be heard can be limited, I’m deeply motivated to represent others with similar experiences who have ideas, opinions, and concerns but may not have the platform to express them. This role offers a unique chance to not only advocate for meaningful change but also to grow personally and develop the skills needed to create a lasting impact. I’m passionate about bringing a fresh, youth-centred perspective to the issues that affect our communities, and I believe this experience will empower me to be a more effective leader and changemaker. I’m excited to learn, collaborate, and contribute to creating a more inclusive and representative future for all young people in Aotearoa.”
