

Enya O'Donnell

“I applied to be a Youth MP to be able to advocate for a more inclusive and confidence-building education for students so they may have a voice in what they learn and take more pride in what education they pursue. My goal is to help students in boosting their confidence and pride in their skills at school, so that when they graduate, they are able to have a positive impact on society. The aim for my goal is to reduce factors that would stunt the growing of student's mindsets and skillsets. One of the largest factors I have seen affect students the most is negative school cultures such as Tall Poppy Syndrome. I aim to reduce this through communication with students throughout the Waitaki District and to bring awareness to societal cultures such as this so that students may grow freely without judgement and setbacks from their peers.”

Selecting MP: Miles Anderson
