

Grace Foster

“I applied to be a Youth MP because I truly believe that everyone deserves to have a voice and for it to be heard and listened too. Two key values which are really important to me are respect and inclusivity which I want to bring to Parliament, allowing all voices to be heard and included in discussions that are important to them. I think that youth have some inspiring and unique viewpoints and ideas about politics and New Zealand as a whole. Because of this I think that learning and understanding youths' beliefs can help create a better and more inclusive Aotearoa. An important issue to me is safety on streets for rangatahi, especially young women because I believe that everyone deserves to feel safe in their community. This is one of many issues that is important to me, which I would like to focus on as a Youth MP.”
