

Kenahemana Hekau

“My goal for 2025 as Head Girl for Avondale college is to better the interactions between year levels and teachers to better the attendance and performance of our Pasifika students. I believe that by bettering these, students will be able to find goals that they themselves are willing to work towards. Success looks different to everyone. I wish to be a part of this movement for my dreams and to support the dreams of my peers and my generation. I wish to be the voice and help my people find theirs, especially in our current political environment. I believe that now more than ever is a time for us to unite together to face these challenges head on.”
