“I applied to be a Youth MP because I am passionate about making a meaningful change in society. I was born and raised in the South Canterbury district, and I feel immensely fortunate to live in this region. The excellent schooling and numerous opportunities here have helped me flourish into the person I am today. I was raised by a single mother and saw firsthand the challenges many families face. I want to advocate for equity, sustainability, and economic growth, so we can foster a society where everyone has the chance to thrive and reach their full potential.”
