“I applied to join Youth Parliament as I saw the injustices that Tangata Whenua have faced from people within power for centuries. I have applied to help make a change, it is now more than ever that rangatahi need to be using platforms such as Youth Parliament 2025 to voice our concerns and highlight to the nation that rangatahi are already rangatira of today and that our voices will be the driving force in forging our Tiriti-centric destinies so the generations after us can follow. Māori Mā! Let’s not just sit idly by, we must activate and make real change, we will sing and haka about injustices and using a platform like Youth Parliament we WILL debate about it. Ka Ora Tonū Mātou, Āke, Āke, Āke!”
