

## **Nate Wilbourne**

“I’m an active conservation and climate justice advocate in my region, and someone who has spoken up for rangatahi across the country. I’ve volunteered in my region for various organisations and causes, and I want to represent my electorate (West-Coast Tasman), the young people, and our environment in Youth Parliament 2025. I’m a believer in the power that rangatahi have to create change, and I want to fight for that change!”
