

Sophie Dodunski

“Youth representation within communities of all sizes is extremely important for the future. Using my voice and determination, I envisioned myself taking this opportunity to its full advantage and gaining skills I can apply within my home city, New Plymouth. Working alongside such amazing Kiwis prospering under the shared love of New Zealand would be an insightful journey filled with hard work. My aspirations are centred around the values of meaningful work, justice, equality, and compassion, which has formed my passion for youth advocacy, which I can channel through a legal profession. Youth MP offers a chance to be heard and get involved in Government decisions while developing my understanding of the democracy shaping Aotearoa. This life-changing experience will advance my goal of becoming a woman of influence.”

Selecting MP: Glen Bennett

Location: Egmont Village
